United Hospital District Welcomes New Provider Jodi Schulz
Certified OB/GYN Physician Joins UHD Obstetrics Department

Blue Earth, MN – March 20, 2024 – United Hospital District (UHD) of Blue Earth announces the expansion of their Obstetrics department with the arrival of their new provider Jodi Schulz, an OB/GYN physician who is now seeing patients at UHD’s Blue Earth clinic.

A Blue Earth native herself, Dr. Schulz graduated from Blue Earth, Frost, Winnebago, Delevan, Elmore High School in 1990 before it became BEAHS. She went on to receive her medical degree at the University of Minnesota. She brings 24 years of experience to UHD, having cared for patients of all ages across the lifespan during her career. Certified with the American College of OB/GYN, she also served as a clinical instructor at the Mayo School of Medicine and as a trauma surgeon in Baghdad, Iraq.

“We are excited to have Dr. Schulz join the UHD team. Besides the wealth of experience she brings with her, her addition to our medical staff will allow UHD to begin offering more gynecology care for patients once more,” said UHD’s CEO Rick Ash.

Jodi Schulz brings the provider total to 4 in UHD’s Obstetrics department. The busy team covers all areas of obstetrical care, including pregnancy, prenatal care, childbirth, and postpartum care. They provide prenatal screenings, exams, and lab tests using ultrasound, blood tests, urinalysis, and other tools to monitor pregnancy. Dr. Schulz will see patients of all ages and has special interest in managing gynecologic conditions, infertility, and high-risk obstetrics.

About UHD:

United Hospital District (www.uhd.org), based in Blue Earth, MN, is an independent system of care comprised of a 25-bed acute care hospital, comprehensive outpatient services, ambulance service and a home health/hospice care program, all supported by a 25-plus multi-specialty provider group with three clinic locations across two counties. UHD was recognized as a 2024 Top 100 Critical Access Hospital, a 2023 Best Small Hospital Under 25 Beds, and a 2022 Top 200 Workplace in Minnesota.
